The Honorable Eliana DeFrancesch
St. John the Baptist Parish Clerk of Court
Edgard, Louisiana

We have audited the accompanying financial statements of the governmental activities, each major funds, and the aggregate remaining fund information of St. John the Baptist Parish Clerk of Court (hereinafter "Clerk of Court"), a component unit of the St. John the Baptist Parish Government, as of and for the year ended June 30, 2007, which collectively comprise the Clerk of Court's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Clerk of Court. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The Clerk of Court has not reconciled certain individual suit docket balances in the Advance Deposit Agency Fund with the related cash deposits at June 30, 2007. The unreconciled deposits represent 0.79 percent of the fiduciary fund type's assets and liabilities at June 30, 2007. Because the Clerk of Court has not reconciled these deposits, it was not practical for us to determine the amount of fees, if any, due to the Advance Deposit Agency Fund from litigants or the amount due to the General Fund from the Advance Deposit Agency Fund for fees earned resulting from suit activity at June 30, 2007. The effects of not reconciling these deposits on the financial statements cannot be reasonably determined.

In our opinion, except for the effects of such adjustments, if any, as might have been determined to be necessary had we been able to perform the necessary audit procedures had the Clerk of Court reconciled the deposits accounted for in the Advance Deposit Agency Fund, the financial statements referred to above

present fairly, in all material respects, the respective financial position of the governmental activities, the major funds, and the aggregate remaining fund information of the St. John the Baptist Parish Clerk of Court, as of June 30, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2007 on our consideration of the Clerk of Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards*, and should be considered in assessing the results of our audit.

The required supplementary information on pages 27 through 29 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express any opinion on it.

The Clerk of Court has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk of Court's basic financial statements. The accompanying financial information listed as "Other Supplementary Information" in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Notes to Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the St. John the Baptist Parish Clerk of Court (Clerk of Court) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note. The accompanying financial statements have been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments*, issued in June, 1999.

Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:513 and to the industry audit guide, *Audits of State and Local Governments*.

The following is a summary of certain significant accounting policies:

A. Financial Reporting Entity

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, a Clerk of Court serves as the ex-officio notary public, the recorder of conveyances, mortgages and other acts, and shall have other duties and powers provided by law. A Clerk of Court is elected for a term of four years.

These financial statements only include funds and activities that are controlled by the Clerk of Court as an independently elected parish official. The Clerk of Court is a component unit of the St. John the Baptist Parish Government. The Clerk of Court is fiscally dependent on the St. John the Baptist Parish Government since the Clerk of Court's offices are located in the Parish Courthouse, the upkeep and maintenance of the courthouse is paid by the Parish Government and certain operating expenditures of the Clerk of Court's office are paid by the Parish Government.

As an independently elected official, the Clerk of Court is solely responsible for the operations of her office, which includes the hiring or retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. Certain units of local government over which the Clerk of Court exercises no oversight responsibility, such as the parish school board, other independently elected officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from that of the Clerk of Court.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
Edgard, Louisiana

Notes to Financial Statements (continued)

B. Basis of Presentation

Government-Wide Financial Statements (GWFS)

The statement of net assets and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity, which are considered to be governmental activities. Fiduciary funds are not included in the GWFS. Fiduciary funds are reported only in the Statement of Fiduciary Net Assets at the fund financial statement level.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Clerk of Court's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements (FFS)

The accounts of the Clerk of Court are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The various funds of the Clerk of Court are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major governmental funds. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
Edgard, Louisiana

Notes to Financial Statements (continued)

The major funds of the Clerk of Court are described below:

Governmental Funds -

General Fund

The General Fund, as provided by Louisiana Revised Statute 13:781, is the principal fund of the Clerk of Court and is used to account for the operations of the Clerk of Court's office. The various fees and charges due to the Clerk of Court's office are accounted for in this fund. General operating expenditures are paid from this fund.

East Bank Expense Special Revenue Fund

As provided by Louisiana Revised Statute 13:851, an additional cost is assessed in all criminal cases of which the Fortieth Judicial District Court has jurisdiction. This additional cost provides support for the Clerk's branch office located on the east bank of the Mississippi River. The collection of the additional cost and related expenses of the east bank office are accounted for in this fund.

Additionally, the Clerk of Court reports the following fund type:

Fiduciary Funds -

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of other funds within the Clerk of Court. The funds accounted for in this category by the Clerk of Court are the agency funds. The agency funds are as follows:

Advance Deposit Fund – accounts for advance deposits on suits filed by litigants.

Registry of the Court Fund – accounts for funds which have been ordered by the court to be held until judgment has been rendered in court litigation.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
Edgard, Louisiana

Notes to Financial Statements (continued)

Measurement Focus

On the government-wide statement of net assets and the statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item b. below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. The governmental fund utilizes a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on its balance sheet. Their operating statement presents sources and uses of available expendable financial resources during a given period. This fund uses fund balance as its measure of available expendable financial resources at the end of the period.
- b. The government-wide financial statement utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with its activities are reported. Government-wide fund equity is classified as net assets.

Basis of Accounting

In the government-wide statement of net assets and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
Edgard, Louisiana

Notes to Financial Statements (continued)

D. Assets, Liabilities and Equity

Cash and interest-bearing deposits

For purposes of the statement of net assets, cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Clerk of Court.

Capital Assets

Capital assets, which include furniture, fixtures, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Clerk of Court maintains a threshold level of \$500 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities, with accumulated depreciation reflected in the statement of net assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Furniture, fixtures and equipment	5-10 years
-----------------------------------	------------

Compensated Absences

Employees of the Clerk of Court's office earn 5 to 20 days of vacation leave each year depending on length of service. In addition, employees earn 12 days of sick leave each year. Employees may carry over 5 days of vacation leave based on their anniversary date. Sick leave may accumulate indefinitely up to two hundred forty (240) hours. Upon resignation or retirement, employees may, at the discretion of the Clerk of Court, be paid for unused vacation at the employee's current rate of pay.

In prior years, compensated absences have typically been liquidated by the Clerk of Court's General Fund.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
Edgard, Louisiana

Notes to Financial Statements (continued)

Equity Classifications

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets – consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – all other net assets that do not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

E. Expenditures, and Expenses

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function. In the fund financial statements, expenditures are classified by character and function.

F. Budgetary and Budgetary Accounting

The Clerk of Court follows these procedures in establishing the budgetary data reflected in the financial statements:

1. A proposed budget is prepared and submitted to the Clerk of Court for the fiscal year no later than fifteen days prior to the beginning of each fiscal year.
2. A summary of the proposed budget is published and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
Edgard, Louisiana

Notes to Financial Statements (continued)

3. A public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts included in the accompanying financial statements are as originally adopted or as finally amended by the Clerk of Court. Such amendments were not material in relation to the original appropriations.

G. Bad Debts

Uncollectible amounts due for receivables are recognized as bad debts by direct write-off at the time information becomes available which would indicate the uncollectibility of the particular receivable. Although the specific charge-off method is not in conformity with generally accepted accounting principles (GAAP), no allowance for uncollectible accounts receivable was made due to immateriality at June 30, 2007.

(2) Cash and Interest-Bearing Deposits

Under state law, the Clerk of Court may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Clerk of Court may invest in United States bonds, treasury notes, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2007, the Clerk of Court has cash and cash equivalents (book balances) totaling \$2,871,454 as follows:

	Governmental Activities	Fiduciary Funds	Total
Cash and interest-bearing deposits	\$ 523,387	\$ 2,348,067	\$ 2,871,454

ST. JOHN THE BAPTIST PARISH CLERK OF COURT
Edgard, Louisiana

Notes to Financial Statements (continued)

Under state law, deposits, (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the Sheriff or the pledging fiscal agent bank by a holding or custodial bank that is mutually acceptable to both parties. Deposit balances (bank balances) at June 30, 2007, are secured as follows:

Bank balances	<u>\$ 3,001,567</u>
Federal insurance	\$ 351,902
Pledged securities	<u>2,649,665</u>
Total federal insurance and pledged securities	<u>\$ 3,001,567</u>

(8) Pension Plan

Plan Description. – Substantially all employees of the Clerk of Court are members of the Louisiana Clerks of Court Retirement and Relief Fund (System), a cost sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

All regular employees who are under the age of 60 at the time of original employment are required to participate in the System. Employees who retire at or after age 55 with at least 12 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3% of their final-average salary for each year of credited service, not to exceed 100% of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established and amended by state statute.

The Clerk of Court Retirement and Relief Fund issues an annual publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Clerk of Court Retirement and Relief Fund, 11745 Bricksome Ave., Suite B-1, Baton Rouge, Louisiana 70816.

Funding Policy. - Plan members are required by state statute to contribute 8.25% of their annual covered salary and the St. John the Baptist Parish Clerk of Court is required to contribute at an actuarially determined rate. The current rate is 16.75% of annual covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collectible by the tax rolls of each parish. The contribution requirements of plan members and the St. John the Baptist Parish Clerk of Court are established and may be amended by state statute. As provided by R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The St. John the Baptist Clerk of Court pays one hundred percent (100%) of pension contributions. The St. John the Baptist Parish Clerk of Court's contributions to the System for the years ending June 30, 2007, 2006, and 2005, were \$200,499, \$171,004, and \$157,249, respectively, equal to the required contributions for each year.

(9) Post-Retirement Health Care and Life Insurance Benefits

The Clerk of Court provides certain continuing health care and life insurance benefits for retired employees. Substantially all of the Clerk's employees become eligible for these benefits if they reach normal retirement age while working for the Clerk of Court. These benefits for retirees and similar benefits for active employees are provided through an insurance company whose monthly premiums are paid jointly by the employees and the Clerk of Court. The Clerk of Court recognizes the cost of providing these benefits (the Clerk's portion of premiums) as an expenditure when the monthly premiums are due.

ST. JOHN THE BAPTIST PARISH CLERK OF COURT

Notes to Financial Statements (continued)

(13) Excess Fund Balance

LSA-RS 13:785 requires that every four years (at the close of the term of office), the Clerk of Court must pay the parish treasurer the portion of the General Fund's fund balance that exceeds one-half of the revenues of the Clerk's last year of her term of office. The potential liability to the parish is limited to amounts received by the Clerk from the parish for necessary office furniture, equipment, and record books. At June 30, 2007 there was no amount due the parish treasurer because fund balance did not exceed one-half of recorded revenues.

(14) Expenditures of the Clerk of Court Paid by the St. John the Baptist Parish Government

The Clerk of Court's office is located in the St. John the Baptist Parish Courthouse. The upkeep and maintenance of the courthouse are paid by the St. John the Baptist Parish Council. In addition, the Parish Council also pays some of the Clerk's operating expenditures. These expenditures are not reflected in the accompanying financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Eliana DeFrancesch
St. John the Baptist Parish Clerk of Court
Edgard, Louisiana

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the St. John the Baptist Parish Clerk of Court (hereinafter "Clerk of Court"), a component unit of the St. John the Baptist Parish Government, as of and for the year ended June 30, 2007, and have issued our report thereon dated December 18, 2007. In our report, our opinions were qualified because the Clerk of Court has not reconciled certain individual suit docket balances in the Advance Deposit Agency Fund with the related cash deposits at June 30, 2007. Except as discussed in the previous sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Clerk of Court's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of St. John the Baptist Parish Clerk of Court's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Clerk of Court's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Clerk of Court's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Clerk of Court's financial statements that is more than inconsequential will not be prevented or detected by the Clerk of Court's internal control. We consider the deficiencies identified as items 2007-1, 2007-2, and 2007-3 and described in the accompanying schedule of audit results and findings to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Clerk of Court's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that all of the significant deficiencies described above are material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk of Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Clerk of Court's response to the findings identified in our audit is described in the accompanying corrective action plan for current year findings. We did not audit the Clerk of Court's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management and others within the organization and is not intended to be and should not be used by anyone other than these specified parties. Although the intended use of this report may be limited under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document in accordance with Louisiana Revised Statute 44:6.

A qualified opinion was issued on the financial statements because the Clerk of Court has not reconciled certain individual suit docket balances in the Advance Deposit Agency Fund with the related cash deposits.

Significant deficiencies in internal control were disclosed by the audit of the financial statements and the conditions are considered material weaknesses.

The audit did not disclose any instances of noncompliance which are material to the financial statements.

A management letter was not issued.

Part II. Findings required to be reported in accordance with *Governmental Auditing Standards*:

2007-1 Segregation of duties

CONDITION: Accounting and financial functions are not adequately segregated.

CAUSE: The cause of the conditions is the failure to design and implement policies and procedures necessary to achieve adequate internal control.
